Policeman injury related to lack of warning

Local law officers not informed of U.S. 60 opening

City, county and state law enforcement officers said they were not notified Tuesday that the Texas Highway Department was to open the east- and west-bound lanes of U. S. 60.

A 23-year-old Canyon police officer was critically injured in a car-truck accident only hours after the highway was opened to through traffic after a year long construction project. Police Chief Al Stewart believes the fact Officer Shelton, an officer here since 1973, had not been informed the highway was open to through traffic was a contributing cause of the accident.

Highway Patrolman Jesse Hooper, investigating officer in the accident, agrees with Stewart that the lack of information to Shelton, who had come on duty only minutes before the accident, was a contributing factor in the wreck.

Stewart said he was not notified by the highway department that the highway was to be opened to traffic Tuesday. Sheriff Department Dispatcher Crosby Hammonds said he was

not notified, either, that the highway was to be opened.

Hooper said the highway patrol units were not informed either.

Donald Day, engineer for the highway department, said his department did not notify the local law enforcement agencies although the department had been notified by Gilvin-Terrill of Amarillo, contractor for the job, that the highway would be opened to traffic shortly after noon on Tuesday.

"Perhaps we should have notified them," he said, "but he (Shelton) should have been observing the traffic pinchings."

Day could not exactly pinpoint the time on Tuesday when the highway was opened to traffic after having been blocked for nearly a year for new construction.

But, he said, the highway was opened by the contractor some time after noon.

John Scamahorn of Gilvin-Terrill couldn't pinpoint the time, either.

Hooper said he believes the

highway was opened about 2 p.m., just an hour and a half before the accident occurred.

Stewart said the highway was opened without signs being in place to stop or route traffic even on the overpass which links 15th Street with Hunsley Hills.

"Officer Shelton pulled in front of the truck, but he didn't know it (the highway) was open," Stewart said.

Stewart said while the highway patrol will conduct the official investigation into the accident, his department is conducting a parallel investigation.

"We've reconstructed it to the point that I don't think he (Shelton) could have seen it (the oncoming truck) because there was a paint vehicle in the way," Stewart said.

Hooper described the accident circumstances this way:

A Gibson Discount Center truck had an accident reported at 3:28 p.m. Tuesday on the median between the east- and west-bound lanes of U. S. 60 just east of the 15th Street Overpass. Mark George, driver of the truck,

walked to B. C. Taylor's 66 Service Station at 15th Street and the south access road to call police and report the wreck.

Officer Shelton met George at the service station and turned onto the south access road in an east-bound direction.

Then, according to Hooper, at the point where the access road merges with the east-bound lanes of U. S. 60, Shelton turned to cross the two lanes of highway to reach the wreck.

The patrol car was broadsided by a diesel truck carrying beet juice and driven by Daniel N. Fittler, 38, of Pampa. Fittler told The News his truck was travelling about 35 to 40 miles per hour at the time of the collision.

Fittler had swerved from the south east-bound lane to the north east-bound lane to attempt to miss the patrol car and both cars crashed onto the center median and into a Gilvin-Terrill equipment trailer where they came to rest 114 feet from the point of impact.

George was treated and released from Palo Duro Hos-

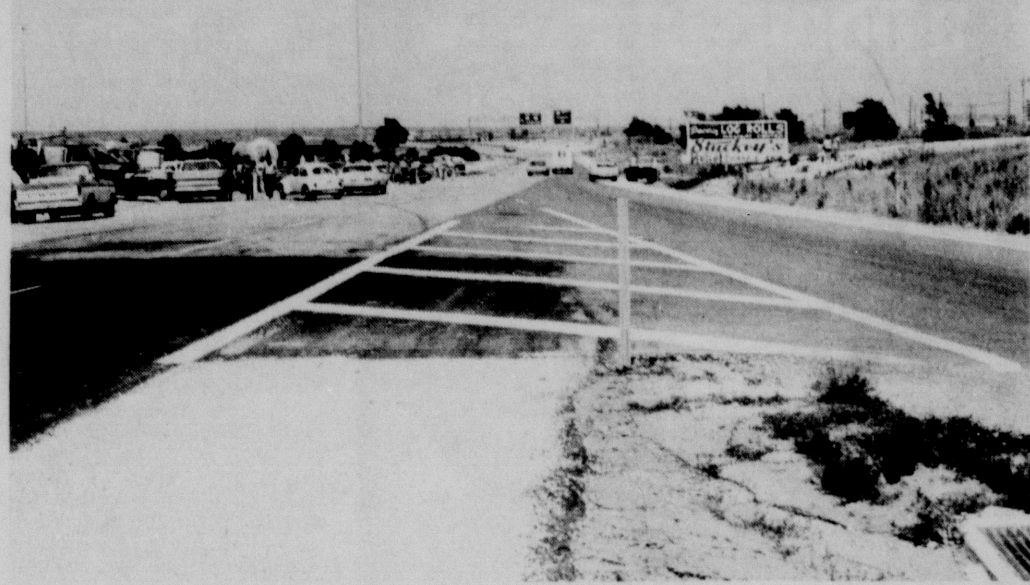

pital. Shelton remained in critical condition in the intensive care unit at Northwest Texas Hospital early Wednesday. He suffered a skull fracture, broken collar bone, broken pelvis and various lacerations. Stewart reported Wednesday that Shelton's condition had stabilized.

Fittler, driver for Heaton Cattle Co. of Pampa, said he had travelled the route through Canyon many times before and when approaching from the west initially started to pull off the main highway onto a detour route set up by the construction contractor to reroute traffic during construction.

But, he said he noticed the main highway lanes were open and decided to take the through route.

Witnesses said a paint truck was painting stripes on the highway between the access road and the point where it merges with the main highway lanes at

(See U.S. 60, Page 5)

Accident scene as seen from south or east-bound access road...no yield sign and no warning for Officer Shelton.

City manager to study problem

City backs off on Hunsley trash collection

Canyon city commissioners backed off Monday on a late May decision to require Hunsley Hills residents to place garbage at curbside for city pick-up after several residents said they would be willing to pay extra for garage door service.

Commissioners voted to reconsider their earlier decision following a 30-day study of the garbage collection in Hunsley Hills and the costs involved in the collection.

Commissioner J. Pat Stephens abstained from voting on the motion by Dr. Willis Harrison, saying he believed the issue had been studied enough.

City Manager Glen Metcalf is to conduct the study, to see if higher rates for garbage pick-up could be charged to Hunsley Hills residents who said Monday night they would rather place their trash containers in protected areas near their home fronts rather than at curbside to reduce the problem of dog- and wind-strewn litter.

About 20 Hunsley Hills homeowners attended the city commission meeting Monday to protest the May decision which has required them to place their garbage at the front curb of their streets. Hunsley Hills has no alleys.

Early in the meeting, Mayor Manly Bryan explained that the decision to require curbside garbage pick-up was made after commissioners learned that trash collection in Hunsley Hills took twice as long per unit as collection in other parts of the city.

He said the decision was also made to avoid lawsuits which might have been possible had city workmen continued to go into private garages, backyards and other residence areas to collect garbage.

Dr. Burwell Southern of 8 Bramblewood told commis-

sioners the new policy of trash collection "discriminates against us." He said the city crews go onto private property in other parts of the city to collect business and commercial trash.

Commissioner Jim Christopher explained that large city-owned garbage containers, commonly known as Dumpster Dumpsters, are placed on private property behind businesses at city request because the large trash trucks could not otherwise maneuver to collect the trash.

David West of 22 Hunsley Hills

told commissioners the Hunsley residents do not expect city crews to go into backyards or garages to collect the garbage in their areas. He said the real problem which will develop in the area with curbside collection is litter.

West said he had contacted a number of subdivision residents to see if they would be willing to pay an additional fee to have their trash picked up in the location of trash wells which are located by garages of residences in the development. The result of the survey, he said, indicated

most would be willing to pay the additional fee to cover the expenses incurred by additional time spent in Hunsley Hills to collect trash.

Christopher and Bryan insisted the commissioners must view the situation throughout town, not just in Hunsley Hills, before making or changing a policy decision.

And, Commissioner Willis Harrison asked about the equity involved should Hunsley residents be allowed to pay an additional fee to have their trash col-

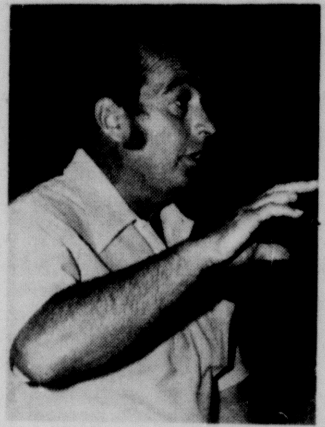

lected at their door.

"What if we have people all over town who want to pay an additional 50 cents or so and have us come into their backyards?" he asked.

Finally, Harrison moved that Metcalf undertake his study of the situation to be completed within 30 days.

Metcalf said Tuesday following the Monday meeting he does not anticipate it will take 30 days to complete the study.

In other business, commis- (See HUNSLEY, Page 5)

J. Pat Stephens makes a point

City to arbitrate feud between THD, developer

Canyon city commissioners will arbitrate a feud between the Texas Highway Department and Hunsley Hills developer A. W. Lair concerning culvert drainage which Lair contends dumps mud and water into his subdivision.

Commissioners Willis Harrison and H. R. Fulton, Jr. were appointed by Mayor Manly Bryan Monday night to meet with Lair, the owners of Canyon Creek Apartments, City Engineer Bill McMorris and the highway department concerning the draining culvert.

Lair last month threatened court action to stop the highway department from dumping water from a culvert placed under U. S. 60 just south of Canyon Creek Apartments into his subdivision. He also began erecting an impromptu dam and drainage channel on his property to divert the water from the culvert but was stopped by highway department officials.

City Manager Glen Metcalf said Tuesday the city has entered the dispute as an arbitrator, offering also the services of the city engineer to help work out a

solution to the culvert problem. "The city is not saying who's at fault," he said. "We think it's a problem of all of them and this is aimed at trying to resolve this in a good manner."

Metcalf said McMorris will work up proposals on how the culvert or the drainage area might be altered to keep water from draining directly into the apartment house.

He said the city is involved in the situation from the standpoint "if we're aware of a problem then we need to look more closely at it and get technical assistance to see if there's a possibility of water getting into the apartments."

The drainage problem from the large culvert which empties on the north access road of U. S. 60 just south of the apartments became noticeable with heavy spring rains.

Lair charged in late May that in constructing the culvert under the four-lane divided highway, the highway department is gathering water from the north end of Canyon and dumping the collected water on the access road from which it runs down-

hill into Hunsley Hills.

Donald Day, local engineer with the highway department, contended at that time that the culvert was placed at that point under the highway because it is state policy for a culvert to follow as closely as possible existing waterways. He said the culvert simply drains a natural waterway and that Lair and a previous developer altered the waterway when they began subdividing property in Hunsley Hills and when they constructed the Canyon Creek Apartments.

COVERING FUMBLES
by Dean Mitch Jones

I am humbly grateful that I have been able to cover my own fumbles at least fifty-one percent of the time.

A workman for Southwestern Bell Telephone Co. begins the tedious task of trying to repair damage done the West Texas State University phone system early Monday by a fire in the old administration building.

Gov. Briscoe vetoes half million in expected WT appropriations

Gov. Dolph Briscoe vetoed a half million dollars worth of appropriations including \$100,000 for wind and water research and \$290,000 for remodeling of the old administration building from the legislated allocation for West Texas State University for the next biennium.

Briscoe vetoed a \$380,000 request from the Panhandle-Plains Historical Museum for a new connecting structure to link the main building with the museum annex.

Items nixed by the governor as he perused the state legislative appropriations for 1975-76 and 1976-77 were:

*\$35,000 for fine arts equipment for WTSU's arts school.

*\$100,000 to the Kilgore Research Center for the two years for special research efforts in wind energy, water conservation and agriculture.

*\$106,358 for renovation of the student union building.

*\$290,000 for remodeling of the old administration building.

*\$380,000 for the connecting structure for the museum.

Left in the appropriation for the university for the next two-year period were funds totalling \$400,000 for new library books for the university library. The appropriation was over and above the regular book appropriation normally approved by legislators and the governor.

Also retained by Briscoe in the document was \$320,000 for replacement of utility lines and an underground tunnel system for a portion of the campus. A \$108,000 appropriation for air conditioning of the old science building — which now houses the schools of nursing and agriculture — were also left intact by the governor.

He also retained an \$80,000 allocation for new equipment for the school of business and a \$69,000 allocation for new equipment for

the university print shop.

The university earlier this year received an emergency appropriation of \$94,000 for reconstruction of the Nance Ranch pavilion which burned to the ground last fall.

"That's the way the system operates," Financial Vice President Hermas Miller said of the governor's vetoes. "He is the governor and that's his prerogative."

"While we're disappointed we feel overall the legislature and the governor were still very good to us."

University President Lloyd I. Watkins said he, too, believes the university was well-treated by legislators and the governor in the two-year appropriation of \$10.6 million for the first year of the biennium and \$10.3 million for the second year.

"To be perfectly honest we had looked forward to the renovation of the old administration building, but at the same time, looking on the positive side, we did retain \$400,000 for library books for the next two years, and we did retain \$80,000 for the school of business equipment, and \$69,000 for the print shop equipment, \$320,000 for the utility lines, and \$108,000 for the air conditioning of the old science building," he said. "I'm sorry the money for the special research projects was vetoed because I think we could have made more of an impact than we will."

"But, those things happen. You have to look on the positive side. We'll still be able to do some good and substantial things. Overall I'm grateful for the support we received."

Dr. Jim Hanson, director of the historical museum, could not be reached for comment concerning the plans to construct the connecting ground-level link between the museum and museum annex.

Tentative plans had already been drawn for the project, which has been a struggling ambition without funding for several years.

WTSU to seek funds for fire

Officials at West Texas State University and in Austin set in motion late Monday and Tuesday the machinery to attempt to gain more than \$100,000 in emergency state funds to reconstruct portions of the campus old administration building which were damaged by an early morning fire Monday.

Dick Travis, director of the Governor's Budget Office in Austin, said he will have a representative in Canyon possibly next week to assess the damage caused by the fire to the basement and first floor of the old building.

Hermas Miller, financial vice president at WTSU, said he will work up damage cost estimates as soon as possible for submission to the budget office in an effort to gain an emergency appropriation for funding of the reconstruction project.

Tentative estimates of the damage place costs at about \$125,000.

Travis was not wholly committed in speaking of the availability of the governor's

emergency funding for the reconstruction project.

He said the governor is given by legislators \$500,000 each year to cover such emergency situations, a sum he termed "not real sizeable."

While the fire damage caused to one of the oldest structures on campus is eligible for funding under the governor's office, he said it might also be possible for the university's financial officer to "squeeze the necessary amount out of other funds which might be available to them."

Southwestern Bell Telephone Co. crews were on campus early Monday to begin repairing extensive damage caused to their telephone exchange system which was badly burned in the Monday fire.

More than 200 phones were knocked out of service by the blaze which was confined to the basement area in the north portion of the building. The phone exchange had been located in a room next to an athletic equipment storage room (See FIRE, Page 5)

Justice department begins probe into Mrs. Strain's allegations

The U. S. Department of Justice has begun its investigation into charges leveled by Mrs. Marguerite Strain of Canyon that the Texas Municipal Retirement System discrimination against women.

An attorney with the Civil Rights Division of the department visited Mrs. Strain last week end. He also visited former City Manager George Louder, now executive director of the Panhandle Regional Planning Commission.

A department spokesman said Tuesday the department is gathering information concerning Mrs. Strain's allegation against the TMRS to see whether "we should seek some sort of relief for her."

He could give no definite time when the department's investigation might be completed.

Mrs. Strain's complaint was referred to the department, he said, by the federal Equal Employment Opportunity Commission.

Squire Padgett Jr., junior attorney in the civil rights division in Washington, was in Canyon Saturday to interview Mrs. Strain in connection with the case.

Mrs. Strain said Padgett "was most encouraging" and told her

"you know you have a very interesting case and I wouldn't be here if we didn't think the case had merits."

She said Padgett questioned her about the TMRS retirement benefits system.

Louder said he spoke only

briefly with Padgett primarily concerning correspondence he had with the TMRS as city manager. Louder became director of the PRPC and left his Canyon post in February.

The justice department spokesman said the department has filed civil suits on behalf of other women in the nation on similar complaints. But, he said Mrs. Strain's case is different from many of the cases.

Three years ago, Mrs. Strain charged that the TMRS discriminates against women through use of actuarial tables which require that a woman municipal employee work five years longer than a male employee of the same age to receive the same benefits the man would receive.

The tables, included in TMRS literature, indicate a woman retiring at age 65 with 10 years service would receive the same benefits a man of 60 with 30 years service would receive.

With the aid of the Texas (See PROBE, Page 5)

Harvest begins on irrigated wheat

That the 1975 wheat crop would indeed set an all-time record in Randall County appeared an even greater certainty at mid-week as harvest began in earnest on irrigated croplands in the county.

Observers are expecting the monetary value of the crop to surpass by a good margin the final \$12 million figure allocated to the previous record 1973 crop.

And, most elevator operators are reporting they are receiving more wheat than ever before.

County Agent John Brazzil said most local operators have been pleasantly surprised by the per-acre yields on dryland wheat this summer as the harvest enters its third full week of activity.

"It looks like they're getting five to six bushels per acre more

by Troy Martin

FROM THE

CANYON RIM

I saw my 19th performance of "TEXAS" Tuesday night as the guest of Dr. Lloyd Watkins. I sat next to John Stiff, Amarillo city manager, at the show and visited briefly with Amarillo's state representative, Ben Bynum.

These are two politicians for whom I have a great personal liking in spite of the fact that we come to near combat over issues. Ben and John are both pros. They understand the newspaper's role and neither of them spend any time whining about bruises they get in print — and both get plenty.

I've taken each of them severely to task in this column. I

have never had either John or Ben even to act angry with me much less snub me in public.

"TEXAS" performance is smoother now than in the first years. The people who run the show have more experience.

But I think everyone who was here in the old days would agree that the electricity of the old days is no longer present — not that this detracts from the performance itself.

When "TEXAS" first raised its curtains back in 1965, John Connally, an exciting internationally known figure and former member of the John Kennedy cabinet, was governor and was on hand on several occasions.

Lyndon Johnson was the reigning president and the members of the first family frequently were in the audience.

When one of these celebrities showed up Margaret Harper, founder of "TEXAS," would call me breathless and just as breathless I would grab a camera and head at top speed for the canyon.

If some of you old timers have noticed that the road into the canyon itself is just a little straighter than in the old days it's because I straightened out a few kinks in my Chevy on the way to shoot pictures of Lynda Bird or Lucy Baines at intermission.

I always went through the whole performance when one of the royal family was there because I had a horror of an international newsbreak in Palo Duro Canyon with me snoozing at home.

Also I will always remember the graciousness of Lucy Nugent and Lady Bird. Lucy became angry once when a photographer snapped her while she was eating. I stepped back and waited and she not only posed for me but thanked me for my courtesies.

I remember the first lady holding my small son's hand gently between hers and talking to him softly for two or three minutes as if they were alone in spite of the fact that a crowd was surging around them. She is my nominee for America's greatest first lady, bar none.

Then there was the time in 1968 when John Connally came for the opening and announced the terms on which he would be a candidate for vice president on the Humphrey ticket. It was a

Canyon News exclusive.

The same night the governor had a shouting match on the telephone with Gov. Winthrop Rockefeller, another Canyon news exclusive.

Republicans in the know are keeping mum but the word is out that big things are about to happen.

Dollars to doughnuts that the big news is going to be that George Bush will make a run for governor and John Connally will try for the senate seat of Lloyd Bentsen Jr., an announced Democratic candidate for President.

Recreation Committee Established

Local governmental and civic leaders agreed Tuesday night that Canyon needs more recreational facilities and will serve on a steering committee to come up with concrete proposals to provide a full-service park.

Phil Langen and Weldon Trice of the Canyon Chamber of Commerce agreed to chair the steering committee which will work up plans — both financial and concrete — for a new city park.

Others on the committee are from Randall County, the City of Canyon, the Canyon School Board, Lions Club, Evening Lions Club, Kiwanis Club, Rotary Club, Chamber women's division, and Canyon Little League.

Representatives of the groups generally agreed at the chamber-called meeting Tuesday that a full park facility, including tennis courts, picnic areas and baseball and football facilities is needed for the city.

They were told by Benny Lawrence of the Panhandle Regional Planning Commission that funding is available on a 50-50 basis from the federal Department of Interior for park construction.

Langen, who chaired the Tuesday meeting, said recent community surveys conducted by the women's division of the chamber of commerce indicate that recreational facilities rank at the bottom of the list in terms of favorable comments received.

And, he said, the chamber has been approached by groups indicating the need for new tennis courts for city and school players.

He also cited the current deficiencies of the city's only park — Conner Park — saying the park has no restroom facilities and little league baseball facilities are inadequate.

"We feel we need a park facility with picnic areas, possibly with bike trails and hiking trails," he said.

City Manager Glen Metcalf outlined just such a plan, one worked up in 1971 by a special city-appointed committee to study parks.

The plan, illustrated at the meeting on a large poster board, was designed to be located around the city's sewer plant in the southeast part of Canyon. Included in the plan were bike trails, hiking trails, tennis courts and baseball diamonds.

The cost of the plan in 1971, Metcalf said, was about \$450,000, and the city applied for state funds to do parts of the park but funds were not available.

Since that time, he said, the civic center complex, which is now under construction, has become the city's top spending priority.

Lawrence explained that the Texas Parks and Wildlife Commission administers about \$9 million in federal funds annually for park construction projects. Money allocated through the program must be matched locally, he said.

School Supt. Jerry Jacobs told the group the Canyon School Board recognized the need for tennis courts, both for towns-

He can make you a bonus offer.

The top pros get the bonuses. And, the tops in the Army are the Armor, the Infantry and the Artillery. Right now, when you enlist to serve in one of these elite outfits, the Army will pay you a generous bonus. It pays to go with the best. You choose the branch and the station. Besides you earn good pay and a lot of other benefits. See your Army recruiter.

Join the people who've joined the Army.

peoples and for a fledgling tennis program at the high school.

But, he said spending priorities in recent years have not allowed extra funding for construction of courts.

Jacobs said the school would agree to provide land for tennis courts and would also supply a portion of the financing for construction of courts.

He suggested a committee be formed to study the needs of the community.

County Judge Woody Pond said he, too, would favor formation of a study committee. Pond would say only that the county commissioners would consider aiding financially with a project, but gave no definite commitment.

Dr. Duane Guy, chairman of Little League this summer, noted the fact that several baseball teams in the city, including the CHS team, must compete for diamond space for practice and games.

Guy suggested that a committee be formed to study all recreational needs for the city.

No time was set Tuesday night for the next meeting of the committee.

Voter Tallies Cost To Rise In County

The registration of Randall County voters under the provisions of a new law passed by the latest legislative session will cost taxpayers \$38,000, county tax collector Mrs. Audrey Bruse told county commissioners Monday.

Mrs. Bruse said the new law will provide state reimbursement for only \$12,000 of that total cost.

"It will be very expensive," she said.

The bill will place the secretary of state's office as a clearinghouse for all voter registration information, she said, and is designed to allow tax of offices in the various Texas counties to update their voter registration lists from a master list at the state level.

However, Mrs. Bruse said, there are several drawbacks to such a centralized and computerized system.

For one thing, the legislation requires the county to mail to each registered voter a notification when his voter registration is due.

For another, the legislation requires that the county provide the secretary of state with information concerning individual voters which is not currently required and which would be more expensive to gather and disseminate.

Mrs. Bruse said implementation of the system would require a new \$6000 computer program for the voter registration list to include all the informational items required by the law. It would also require \$3000 of computer time to enter the information and would require \$6400 for postage per year.

"It seems like if people wanted to vote they ought to be required to do their own applications," Commissioner Paul Lindsay said.

In other business, commissioners set an auction to get rid of surplus and used county equipment for three weeks from Saturday. Justice of the Peace W.A. "Bill" Wilson is in charge of the auction.

They also approved advertisement for bids for seal coating and new construction of roads in the county this summer. A total of 15.5 miles of county roads will be seal coated and 1.6 miles of road will be paved.

Commissioners okayed the payment of 12 cents per mile for more than 1000 miles of driving in his personal car by Wes Clayton, assistant district attorney.

Clayton told commissioners he has used his own vehicle to drive back and forth to Amarillo for county business.

Commissioners will not meet Monday. Their next meeting will be July 7.

Church Group Due In City For Meeting

The Baha'i Community of Amarillo will act as host for one of a national series of 51 Baha'i youth conferences on Saturday and Sunday at the activity center of West Texas State University in Canyon.

The theme of the youth conference will be "Planning a Life of Service."

More than 40 Baha'is from nearby areas are expected to attend.

"These conferences are being held to encourage Baha'i youth to develop goals in their own lives and to give them help in achieving them," said Kenneth Parker, Chairman of the Amarillo Baha'i Assembly.

"In the teachings of their Faith, Baha'is are instructed to plan their lives to be of some service to their families, their communities, and to mankind in general," he further said. "The Conference in Canyon will focus on ways in which Baha'i youth can make progress in this goal."

Workshops are scheduled on such topics as education and careers, dating, marriage and family life, and personal goal setting. Guest speakers will explore areas where youth can be of service in today's world.

The main speaker will be Richard T. Suhm who is a well-known Baha'i speaker. He has also written and spoken on aspects of hospital management throughout the country and is director of management engineering in St. Luke's Episcopal Texas Children's Hospitals in Houston. He has pioneered to Morocco, North Africa, and has been a member of the Tangier and Tetuan Baha'i Assemblies in Morocco. He has also been an instructor in Hospital Systems Engineering at the New York City Community College.

Services Held For C.C. Dunn

The son of Mr. and Mrs. C.W. Dunn of Canyon died Monday at his home in Farmington, N.M.

Carmen Crayton Dunn, 58, owner of Dunn Oil Field Specialty Tool Co., was a native of Childress and had attended schools in Dumas.

Funeral services were held in Farmington and burial was in Farmington's cemetery with military rites. He was a four-year veteran of the military service.

Mr. Dunn moved to New Mexico from Texas in 1951 and was well known in oilfield circles.

Carmen C. Dunn

He is survived by his parents of Canyon, his wife of the home, a brother, W.W. Dunn Jr. of Grand Prairie, and a sister, Mrs. Earl Rauh, of Amarillo.

Indian Beading: Unusual Hobby

Kim Bagley has been Indian beading for five years. She learned her unusual hobby in the Camp Fire Girls who base much of their program on Indian folklore.

In the Camp Fire Girls, achievements, awards, and ranks are in Indian symbols and language. Each girl in the Camp Fire program must make her own head band and costume when she enters junior high school.

From this experience of making her headband Kim began beading as a hobby. She had made necklaces, bracelets, and rings on her small loom. Saying she finds it very relaxing, Kim beads while she watches television and anytime she doesn't

have much to do. She also points out that it is an inexpensive hobby.

Kim is very steeped in Indian folklore from her ten years in the Camp Fire Girls. She has an Indian name, "Pashutakime," which means little woman willing to be a cook and to smile. Kim explains that at the end of each year, Camp Fire Girls holds a "council fire" where awards are given and the previous year is reviewed. Ceremonial garments made by the girls are worn to the "council fires."

Pointing out that most Indian beading was done without a loom, Kim says it is very difficult for her to bead without it. The loom she uses is about 12 inches

long and has width for 20 beads, or any article of 3 inches in width.

Before she begins her beading, she strings the loom with nylon string, carefully determining the length of the item she is making for she must have at least that amount on the loom to begin.

She then must determine a pattern or design which takes almost as much time as the beading. Drawing a design on graph paper, which allows her to count out the spaces she will need for certain designs, she designs her item and then follows the pattern throughout her beading.

She then threads a needle with nylon string and knots it at one end of her loom. Stringing the brightly colored Indian beads on the needle, she pulls the beads under the loom, one bead between each string on the loom. Taking her needle, she doubles back and runs the needle and string through the center of the beads, permanently attaching them to the string on the loom.

When an item is finished, Kim takes it from the loom and backs it with a soft suede leather, and attaches any snaps or clasps that are necessary.

It takes Kim about two months to do a headband, doing it just in her spare time. "It is very time consuming," Kim said, "because you must count properly for the pattern to work out."

Indian beading was done primarily on ceremonial clothing, Kim said. A young maiden would have to bead her wedding dress, headband and moccasins. Women often beaded the decoration which bound the long feather headdresses together. "Instead of using a loom, they could take two sticks and pull the loom string between them," she said.

"Most of the symbols and scenes of Indian beading of this area is of desert or plains scenes. In Minneapolis, where there are

also lots of Indians, the scenes are basically of flowers because there is more vegetation there," she said.

In the park on July 4th, Kim will bead the Indian symbols and achievement ranks of the Camp Fire Girls as well as bead the Indian symbols for her name and birthday.

Sheila Patke Honored With Bridal Shower

A miscellaneous bridal shower honoring bride-elect, Sheila Patke, was held Monday night, June 16th, at the home of Mrs. C.B. Stone, 2419 7th Ave.

Receiving the guests with Miss Patke were Mrs. Stone and Mrs. Bill Patke, mother of the bride-elect.

The refreshment table was covered with an ivory lace cloth over a yellow liner. The centerpiece carried out the bride-elect's chosen colors of blue and yellow, with yellow flowers in a blue vase.

A cake with yellow icing and blue flowers was served on crystal plates and punch, nuts and mints were also served. Miss Ann Dooley and Mrs. Joan Jupe served refreshments and Mrs. Barbara Smith and Miss Collette Smith registered guests.

Serving as co-hostesses were Mrs. Ted Allen, Mrs. Pete Fischbacher, Mrs. Joe Frank, Mrs. Christine Rossi, Mrs. J. B. Hickman, Mrs. Joe Gidden, Mrs. Clara Dooley, Mrs. Dan Higgins, Mrs. Felix Pierce, and Mrs. John Dietz.

Relatives of the bride-elect attending the shower included Mrs. Bob Glenn, Miss Margie Glenn, Mrs. Terry Franklin and Miss Melissa Franklin, all of Stanton.

Mrs. Hazel Swink of Canyon was recently honored by the First Assembly of God Church in Amarillo for her quarter century of work as secretary-treasurer of the congregation. Mrs. Swink is the mother of Mrs. O. Vance Weldert and Mrs. Lawrence D. Hunnicutt of Canyon. A native of Wise County, Mrs. Swink came to Amarillo as a small child with her parents, Bob and Fannie Allison, in 1902. She lived in Amarillo until she moved to Canyon in 1967 after retiring from her position with the O.M. Franklin Serum Co. Mrs. Swink lives in a trailer behind the home of her daughter, Mrs. Hunnicutt, where she helps her daughter in a printing business.

Kim Bagley is beading an Indian head band on her small nylon thread, hand strung loom. Miss Bagley learned this unusual hobby in the Camp Fire Girls in Minneapolis, Minnesota. She is the daughter of Mr. and Mrs. Winston T. Bagley. Mrs. Bagley is secretary of Canyon Dames who will be sponsoring the Indian beading exhibition in Conner Park July 4th.

Coffee Honors Miss Johnson

A coffee honoring Miss Janna Johnson, daughter of Dr. and Mrs. Roland Johnson, 1124 Hillcrest, and bride-elect of Mike Wartes, son of Mr. and Mrs. Larry Wartes of Hereford, was given Saturday morning, June 21, 1975, from 10:00 to 12:00 noon in the home of Mrs. Charles Smallwood, 1123 Creekmore.

Receiving guests were Mrs. Smallwood, Mrs. Johnson, Janna, and Mrs. Wartes.

Presiding at the bride's book were Mrs. Ronnie Wooten of Brownfield, and Miss Roma Johnson, sisters of the bride-elect.

The bride-elect's chosen colors of sky blue and white were carried out in the decorations. A silver epergne containing an

arrangement of white carnations, white rose buds, baby's breath, and blue star flowers centered the round table covered in a white lace cloth made by Mrs. Smallwood. Sky blue candles and napkins were used. Silver and crystal appointments enhanced the table. Coffee, hot spiced tea, assorted fresh fruits, and breakfast rolls were served to approximately 75 guests by Miss Gail Thompson of Canyon.

Assisting Mrs. Smallwood and her mother, Mrs. Susie Peters, with hostess duties were: Mrs. Wm. B. Anderson, Mrs. Jack Bullock, Mrs. Weldon B. Hager, Mrs. L. D. Hunnicutt, Mrs. Eddie Knowles, Mrs. Gene Morrison, Mrs. Harold J. Prichard, Mrs. Crawford Ruthart, Mrs. Francis Shell, Mrs. J. D. Strickland, Mrs. Don Tardy, and Mrs. Ray Vaughn.

Janna and Mike will be married July 19, 1975, at 8:00 p.m., at Calvary Baptist Church, with Dr. Strauss Atkinson of Plainview, officiating.

Shelly Named Faculty Head

Dr. Walter Shelly, West Texas State University assistant professor of political science, has been elected to serve as chairman of the WTSU Faculty/Council for academic year 1975-76.

Named as vice-chairman was Ralph Harbin, assistant professor of animal science and as secretary was Dr. Ronnie Waide, associate professor of education.

Other members are Dr. Darrell Munsell, associate professor of history; John Reeves, assistant professor of English; Dr. Jim Woodyard, associate professor of chemistry; Robert Muir, assistant professor of economics; Dr. Roy Martin, assistant professor of computer information systems; Dr. Henry Moreland, associate professor of industrial education; Darold Smith, assistant professor of art; and Dr. Joe Nelson, associate professor of music.

ADVERTISEMENT
FOR BIDS

The Commissioners Court of Randall County authorizes the advertisement for bids for the following:

15.5 miles of road to seal coat and 1.6 miles prime and double coarse penetration. Additional information may be obtained by contacting Joe West, Road Superintendent, Canyon, Texas.

Bids will be received at the office of the County Auditor until Monday, July 14, 1975, at 1:30 p.m. at which time they will be opened and read before the Commissioners Court. The Commissioners Court reserves the right to reject any or all bids.

Betty Hodges
County Auditor

NOTICE TO DEBTORS
AND CREDITORS

THE STATE OF TEXAS,
COUNTY OF RANDALL.

To those indebted to or holding claims against the ESTATE OF LOUIS GOLD, deceased, No. 5057, in the County Court of Randall County, Texas, Probate Matters:

The undersigned, having been duly appointed Independent Executor of the ESTATE OF LOUIS GOLD, deceased, late of Randall County, Texas, by the Judge of the County Court of said County, on the 23rd day of June, 1975, hereby notifies all persons indebted to said Estate to come forward and to make settlement and those having claims against said Estate to present them to said Executor within the time prescribed by law, at the address of said Executor as follows: Hermine Gold Levick, 3906 Fleetwood, Amarillo, Texas 79109 where she receives her mail.

Hermine Gold Levick

ANNOUNCEMENT

Swisher Electric Cooperative, Inc., S.W. 2nd Street in Tulia, Texas is pleased to announce that it has made an application for a loan from the Rural Electrification Administration which will provide for the construction of about seven (7) miles, of 69,000 volt transmission line. This line will be located in portions of NE Swisher and SE Randall Counties. There is also planned a substation to be built that will be served from this line.

These facilities, along with other low voltage distribution lines will make it possible for the Cooperative to improve service and to provide additional capacity when needed to those existing services now being served in the area and new consumers as required.

If there are any comments on the environmental aspect of the proposed construction they should be submitted in writing to the Cooperative either at its office in Tulia or to P.O. Box 67 Tulia, Texas 79088, within thirty (30) days of the publication of this notice. Additional information may be obtained at the Cooperative's office at the above address.

Mrs. Newby Retires

Mrs. Bonita Newby of Canyon will be honored at a retirement party Sunday, June 29 from 3:30-5:30 p.m. in the ballroom of West Texas State University's student union building. All former OPI students are invited to attend.

Mrs. Newby retired from the Opportunity Plan Inc. on the WTSU campus May 30.

Mrs. Newby is a native of Amarillo having been born and raised there.

She began working with OPI in August of 1961 and worked as a bookkeeper.

Mrs. Newby will still be associated with OPI as a part-time worker whenever she is needed.

"My plans are just to enjoy myself here in Canyon," she said.

Mrs. Newby's time will also be spent playing bridge, crocheting

and enjoying her friends. She has 10 grandchildren ranging from the ages of 5 to 25.

Bell Installing Buried Cable

Southwestern Bell is in the initial stages of a major underground conduit and buried cable construction project from Canyon to Amarillo and Canyon to Hereford.

Telephone construction crews are completing placement of new manholes in conjunction with the project in Canyon. Manholes also are being placed in Amarillo and conduit burial is underway in Hereford.

When completed, the new underground cable between the three cities will span about 55 miles and will provide an additional 208 circuits between Amarillo and Canyon, and 104 more from Hereford to Canyon and Amarillo. The entire project will be completed about

September 1.

"This construction activity is indicative of the continuing growth of Canyon and the area," said Mike Patrick, manager for Southwestern Bell.

Patrick said placement of manholes in Canyon should be completed in the next few days. Conduit will be placed in Canyon beginning about August 1, while burial of cable through the city probably will be in late July.

"Trenching activity in conjunction with placement of the conduit in about a month or six weeks will create inconvenience to traffic and to residents along 6th Avenue between 15th and 8th Streets," Patrick said. "We apologize for the inconvenience, but it

is necessary to provide facilities for the continuing growth of Canyon and the area."

The 18-hole conduit will be buried in the parkway on the north side of 6th Ave., west from 15th St. to 8th St. The conduit construction will begin at the telephone switching office on 5th St., and will go for a short distance along 15th St. to 6th Ave. Seven manholes will be completed from the telephone building to the new conduit termination at 6th Ave. and 8th St.

Direct burial of cable from Amarillo to Canyon will be south of VFW Road, crossing Highway 60 at VFW and Canyon Road, and continuing west down 6th Ave. About seven miles west of Canyon, the cable will cross Highway 60, then proceed west along the north side of the highway to Hereford.

A total of 19 manholes will be constructed along the underground cable route from Amarillo to Hereford, with two underground repeater stations—one in south Amarillo and the second in Dawn.

Rites To Be Held
For Mrs. Donley

Graveside rites will be held today at 2 p.m. at the Eastview cemetery in Vernon for Mrs. Ethel Conley Donley, 89.

Mrs. Donley died at 2:30 a.m. Wednesday morning at LaCasa Convalescent Home in Canyon.

She lived in Waxahachie from 1889 to 1971 when she moved to Canyon to live with her daughter, Mrs. Florine Carruth.

Mrs. Donley was born July 4, 1885 at Nacogdoches, Texas. She was a homemaker and a seamstress and was a member of the Church of Christ.

Survivors include two daughters, Mrs. Carruth and Mrs. Oree Baldwin, two sons, H.H. Robinson of Amado, Ariz., and W.O. Robinson of Ranger, Texas, and a twin sister, Mrs. Effie Wecker of Waxahachie.

She is also survived by 14 grandchildren, two of whom live in Canyon, Page Carruth, Mrs. Claire Kuehn, and Mrs. Judy Hall of Amarillo. She is also survived by 26 great grandchildren and one great, great grandchild.

Arrangements are being handled by Schooler-Gordon Funeral Home in Canyon.

Probe. . .

(Continued from Page 1)

Women's Equity Action League in Dallas, Mrs. Strain filed a formal complaint against the retirement system two years ago and the case was referred to the Equal Employment Opportunity Commission in Washington.

Last summer, the EEOC ruled that the TMRS system does, in fact, discriminate against women through use of the actuarial tables.

The EEOC asked TMRS leaders to meet with Mrs. Strain to negotiate a workable settlement, but the retirement system director responded that he would prefer court action to force a change in the system.

TMRS leaders contend their system does not discriminate against women because women live an average of five years longer than men. The EEOC is the opinion rendered last summer said such a proposition is not valid because individual women may or may not live five years longer than men.

Mrs. Strain turned 65 years of age last October and Canyon city commissioners approved an extension of service for her to allow her to work beyond that date.

U.S. 60

(Continued from Page 1)

the time of the accident. There was no flagman with the truck, according to Fittler.

There was also no yield sign on the access road, warning traffic to yield to the two high-speed traffic lanes.

A yield sign was in position at the merging intersection early Wednesday however.

Day said the signing plans for the highway do not call for a yield sign to be erected at the point of merging because the engineering provides for traffic from the access road to merge smoothly with the two east-bound lanes.

He said the sign erected Tuesday after the wreck will probably be taken down.

Harvest. . .

(Continued from Page 1)

than what most guesses were," he said.

Average yield on the dryland crop, which takes up the most acres of any crop in the county, has been about 25 to 26 bushels per acre, just a few bushels below the average yield of 29 to 32 bushels per acre in 1973.

However, some dryland farmers are recording yields far in excess of the 25 to 26 bushel per acre average. One farmer in the northeast portion of the county reports a dryland yield of 39 bushels per acre.

Brazzil said cutting began at weekend on irrigated wheat, but said too little had been cut early in the week to accurately gauge the final yield average.

He said harvest should continue on irrigated land through the July 4th weekend with dryland harvest coming to an end this week.

The harvest was delayed for a brief period after heavy rains throughout the county Monday night and early Tuesday.

Canyon recorded only .77 inches of rain from the storm which appears to have covered the entire county. Other areas reported as much as an inch of rain from the storm.

While the rains may have slowed the wheat harvest a bit, those handful of farmers in the county who have planted grain sorghum — at one time the leading cash crop in the county — hope the rains will help spur that crop to maturity.

Brazzil said only about 35,000 to 40,000 acres of irrigated land have been planted in grain sorghum this year as most farmers have concentrated on the nurturing and cultivation of the record wheat crop.

About 30,000 acres of dryland grain sorghum has also been planted, far under the usual acreage here.

Brazzil reports that some farmers were forced to replant their crop.

Fire. . .

(Continued from Page 1)

where the fire is believed to have originated.

Mike Patrick, Canyon manager for the phone company, said he could not estimate the length of time the university would be without phone service.

Ten emergency lines were installed by Bell workers late Monday for key university offices.

Patrick likewise had no concrete estimate of the cost of the damage to the phone system, which had been installed at the central location in 1969.

Hundreds of university students were diverted as they showed up for 7:30 a.m. classes Monday. Classes primarily in history, sociology, political science and geography are conducted in the old administration building.

No classrooms or university professors' offices were harmed by the blaze.

New classes for the professors were established in the university complex south, where they will also office temporarily.

Miller could give no estimate on the amount of time which will be required to finish reconstruction from the fire. Originally, he had said the building would be closed for about a year so remodeling could also be accomplished, remodeling which would have included replacement of fire extinguisher stand pipes and the addition of fire escapes.

However, Gov. Dolph Briscoe vetoed last weekend the line item for \$290,000 for the remodeling project.

Campus policemen discovered the fire about 2:30 a.m. Monday and nine units of the Canyon Fire Department were dispatched to the scene.

Fire Chief Jack Jennings said the volunteer firemen laid 1100 feet of fire hose to reach the building from a city fire hydrant located just north of the student union building. Firemen had to avoid white colored university hydrants which had inadequate water amounts and pressure to fight blazes in campus buildings.

Jennings and Miller said the fire apparently started in the basement store room used by physical education instructors for storage of equipment.

One professor said he saw workmen carry cases of live .22 caliber ammunition from the basement area, ammunition apparently used for P.E. classes at the university rifle range.

Smoke damage was sustained by professors' offices in the basement area and by the university print shop and typing service.

The blaze burned a hole in the floor of a small work area used primarily by political science professors on the ground floor.

The fire was the second at the same location since the university was started in 1910. The original campus structure burned in 1914 and the old administration building replaced that structure.

In the past two years, several fires have been reported to the local fire department. A metal building housing athletic gear near the Buffalo practice field on the north portion of the campus burned to the ground more than a year ago.

The Nance Ranch pavilion at the university's ranch southeast of Canyon also burned to the ground about a year ago.

A small fire in a professor's office caused minor damage to the education building earlier this spring.

Canyon Kids

Swim In Meet

Two Canyon youngsters participated in a swim meet in Wichita Falls last week, winning several competitions.

Sheila and John Hicks, children of Mr. and Mrs. Johnny Hicks, north of the city, swam in the Aquatic Club Invitational 'B' Meet, swimming for the Aquatic Club of Amarillo.

Based on the number of team members' wins, the Aquatic Club came in 6th out of a field of 15 teams.

Sheila Hicks placed in the following competitions for her team: 1st in the 200 yard individual medley, with a time of three minutes, 15.1 seconds; 1st in the 100 yard, breast stroke with a time of one minute and 40.1 seconds; 3rd in the 100 yard free style, with a time of one minute, 20.6 seconds; and 6th in the 200 yard free style with a time of two minutes, 59.1 seconds.

Swimming in relay competition Miss Hicks' team placed 1st in the 400 yard medley relay, and 1st in the 400 yard free style relay.

John Hicks placed 3rd in the 50 yard backstroke with a time of 53.9 seconds, and 6th in the 50 yard free style with a time of 45.5 seconds.

Sheila Hicks is a 7th grade student at Canyon Jr. High School, and John Hicks is a 3rd grader at Gene Howe School.

Hunsley. . .

(Continued from Page 1)

sioners noted the withdrawal of a proposal to gain a franchise for cable television service here by a firm including Dr. T. Paige Carruth and Hermas Miller of West Texas State University.

The two withdrew their request for a franchise saying in a letter to commissioners they were told by the Federal Communications Commission they could not bring Channel 39 to Canyon from Dallas and without that channel the operation would not be financially rewarding.

T.D. Austin, who has also asked for a franchise from the city to operate a cable system, said he has a letter of commitment from a microwave firm to provide Channel 39 and believes he will have no trouble in providing that channel.

City Attorney Elton Cox said he was advised indirectly by a Washington attorney for a national cable television organization that the FCC would not approve Channel 39 for Canyon.

Austin told commissioners he would check to see if the channel will be available.

Commissioners and Austin went over the city's model franchise and Austin's objections to it article by article during the Monday meeting.

Austin's attorney is to meet with Cox during the next three weeks to try to work out several minor points in the agreements.

Providing the attorneys can agree and Austin receives a favorable report from the FCC on Channel 39, the first reading of the franchise ordinance will be made at the next commission meeting in three weeks.

Commissioners tabled action on a Texas Highway Department proposal that left-turn lanes and traffic lanes on 23rd Street be centered on the right-of-way to avoid problems on the north-bound lanes.

Metcalf was instructed to study the situation and make a report at the next meeting concerning the reduction of on-street parking which would be effected by the centering of the lanes.

They passed a work order instructing the architectural firm of HD&R, which designed the new city hall complex, to advertise for bids for equipment and furnishings for the new complex.

Funds for the furnishings will come from a \$50,000 contingency fund established in this year's budget for that purpose.

Commissioners also tabled an item concerning passage of a utility ordinance designed by City Engineer Bill McMorries to meet the requirements of a new Texas utility regulation law.

McMorries was unable to attend the Monday night meeting and the ordinance was postponed until he can be in town to meet with commissioners.

Representatives of the Southwestern Public Service Co. and Pioneer Natural Gas Co. were on hand for that item of the agenda.

Grandson Born

To Calvin Floyds

Mr. and Mrs. Calvin Floyd announce the birth of a new grandson, Calvin Lewis Floyd, in Yuma, Ariz.

Parents of the new baby boy are Larry Floyd and the former Susan Lewis. Mr. Floyd is serving in the Marine Corps in Yuma. The baby boy weighed six pounds at birth.

Other grandparents are Mr. and Mrs. W.T. Lewis of Midland.

Happy News

By MARY NEAL HENRY
HAPPY JAYCEE-ETTES have set the Miss Happy Contest to be held on Tuesday, July 1, in the Vivian Wesley Auditorium at eight o'clock in the evening. The contest divided into three groups will award wardrobe certificates in the denomination of \$25, \$15, and \$10 respectively to Miss Happy, Junior Miss Happy and Little Miss Happy. Contestants must live in the Happy School District, or attend schools in the Happy area.

Neil McCarley will be Master of Ceremonies for the evening. Entertainment will be provided by Barbara Tueck's dancing classes and a Happy Singing Group.

Contestants wishing to enter, please call Joy Freeman, chairman, at 764-2613 or Jeanne Johnson, president, at 764-2891. Joy Freeman has announced that rehearsal will be on Monday afternoon, June 30th.

SHERRI STARKEY and Eddie Joe Pearson are the All Round Girl and All Round Boy of the Swisher County 4-H Horse Show. Guy Walt Via won both the Reining Class and the Western Horsemanship. Denette Davis won Western Pleasure. Sherri Starkey won the barrel

racers and pole bending. Eddie Joe Pearson won the showmanship award. . . final results of both shows.

VALERIE TIPS SHOWED the Reserve Champion Gelding this time. Brad Bradley took first place and Grand Champion. Sherri Starkey won fourth in registered geldings and Neal Odom won eighth. Eddie Joe Pearson won first in grade geldings. Guy Walt Via won third; Angelique Henry won fourth; and Kevin Odom won fifth.

GUY WALT VIA won first in showmanship; Denette Davis won second; Eddie Joe Pearson won third; Valerie Tipps won fourth; and Sherry Starkey won ninth.

NEAL ODOM WON the Western Pleasure. Guy Walt Via won the Western Horsemanship; Eddie Joe Pearson won second; Denette Davis won third. Neal Odom won fifth.

GUY WALT VIA won reining. Denise Reed of Kress won the pole bending with a time of 20.79 seconds. Eddie Joe Pearson won second with 21.22. Sherri Starkey won third with 21.39. Cathy Tucker won fourth with 21.77. Fara Moore won fifth; Kevin Odom won sixth; Sherry

Vineyard won seventh; Nancy Keim won eighth; Angelique Henry won ninth; and Kyle Odom on tenth.

SHERRI STARKEY WON the barrel race with a time of 21.82. Valerie Tipps won second with 22.59. Denise Reed, third; Cathy Tucker won fourth; Fara Moore, fifth; Nancy Keim, sixth; Kevin Odom, seventh; Angelique Henry, eighth; Janie Devin ninth; and Elaine Moore, tenth.

ANNIE AND BERT Lemmons recently traveled to Seminole to see their grandchildren, Blaine and Cody Lemmons, compete in a Playday there.

DEBBIE MAGNESS WON first in pole bending, second in barrel racing, and second in steer riding at the Borger Junior Rodeo last weekend.

DENNIS BELL WON second in the bullriding at the Borger Junior show.

GUY WALT VIA and Kim McCaslin are attending a Youth Leadership Conference at Liberty, Missouri, this week. The conference is sponsored by Farm-land Industries.

OUR SYMPATHY IS extended to the families of Mr. and Mrs. Leland Woods of Silverton. Both of them and their young son lost their life on Sunday evening when a tornado swept away their home northeast of Silverton. Many of you may remember Leland when he sold veterinarian medicine for a company in the area. Others will remember his participation in ropings and rodeos. Recently he announced several of the Silverton shows and others in the area. This is another tragedy that we do not understand.

J. T. HENRY was elected bareback riding director of the Tri-State Rodeo Association for next year at the recent business meeting in Dumas. Eddie Joe Pearson was elected Steer wrestling director and Wayne Pearson, an adult director. C. C. Light will serve as the new executive secretary of Tri-State.

I RECENTLY SAW ERA in action. A "hippie" type looking couple walked into the airport in Amarillo. There was only one seat available. . . and he sat down and she stood. But an elder gentleman sitting two seats

farther down, rose, and gave his chair to the "lady."

NINE STRAIGHT DAYS the clouds threatened and we kept cutting wheat, but on Monday afternoon, they ran us out of the field. Monday evening, we had a good rain. . . an inch and a half, all in liquid form - no hail. It fell easily. The days have been long so I can't complain. (Anyone as tired as I am?) Happy (the town) had an inch and one tenth. The rains seemed general.

Gene Howe News

By KAROLYN FARMER
DEAR READER: HOW are you? I am fine. I wish I was writing this letter to you from camp—or Hawaii—or Paris—or even Happy, Umbarger or Siesta Park.

But since I'm not any of those places, I'll try to hold back my self-pity and just tell you about all of our neighbors who are leading more exciting lives.

BECKY WALLACE IS busy packing and preparing for an exciting tour of Europe. She will leave July 7th with a group of students from Canyon, Happy and Amarillo and their first stop will be Madrid, Spain. From there the Foreign Study League tour will include Rome, Florence and Venice, Italy. Salsburg Austria, Paris and London.

This is Becky's first trip to Europe. She and the other young people will spend 28 days sight-seeing and studying the cultures of the different countries.

After she returns from her trip, Becky will spend two weeks at home and then will be off to college at Texas Women's University, where she will be enrolled as a freshman this fall. She plans to major in physical therapy.

THIS WEEKEND KEN and Ellen Wallace are taking their daughter, along with Debbie Smith of Lake Tanglewood, down to Denton to get better acquainted with the University. The girls will stay in the dorm and will take a tour of the campus while they are there.

GAY AND HOWARD Cochran recently took a trip down to

Some of the dryland yields are averaging thirty bushels to the acre. Almost everyone is averaging about twenty.

THAT WAS MELVIN and Coleen Schaeffer who attended that Democratic rally in Amarillo recently. Sorry about that!

The Melvin Schaeffers and the Milton Schaeffers met Cheryl and Keith Morris at Lake Meredith last weekend for a family picnic. Mrs. Jack

Thornton and John Hopkins and all the rest of the Morris family were also there.

HAPPY HAD TWO families among its residents that hail from Italy. Antonio Auremma and Paulo Marra are both married and they and their families reside in Happy. Both are employed by Harman-Toles of Happy. I was having trouble with the lift on my truck and Antonio, with great courtesy, helped me. He said, "Isn't it nice being a

Gene Howe Folks On Vacation

Marble Falls and stayed at the Horseshoe Bay Country Club. Howard attended an engineering conference and Gay got a short rest from summer school at Gene Howe where she is teaching reading.

BETTY COX, TOBY and Charlie have just gotten back from their vacation. They attended the Linn family reunion in Temple, Texas where they visited with many relatives from all over Texas, Arkansas and Oklahoma. Betty said this is an annual event for the members of her mother's family.

Betty and the boys also visited San Antonio where they toured the Alamo and especially enjoyed the sights along the river. In San Marcos, Tex. they went to the Marina and rode in the submarine and the glass bottom boat.

The Cox's then went on to Corpus Christi and Padre Island. While on the coast Toby went deep sea fishing and caught a king fish and two sharks which were each about 36 inches long.

Charlie Cox's exciting moment came when he stepped on a jellyfish while walking on the beach. Betty said that they saw everything they could possibly see during their 11 day trip and enjoyed every minute of it.

DEAN AND JEANINE Hawkins, Becky and Rusty were recent visitors in our area. While staying with relatives in Amarillo, Jeanine stopped by to see Kay Riley and Lois Nix.

The Hawkins are former residents of our area and are now living in Collierville, Texas.

JOE AND LOIS Nix are scheduled to move from their home on Gary Lane around the 15th of August. They are building a duplex in Estacado Estates, so they will still be in our area. Lois said they will really miss all their neighbors on Gary.

Susie Nix, who will be a senior at C.H.S. this fall, is spending a very exciting summer in Colorado Springs. Susie is studying and perfecting her ice skating skills at the Broadmoor.

At the end of August she and the others in the group will put on an ice show at the Broadmoor using the costumes, music and format which are used by the professional Ice Follies company.

Susie practices six days a week through the summer. Her first practice session begins at 4:55 a.m. She spends at least six hours on the ice every day and her last session ends at 7:15 p.m.

Susie began ice skating when she was 10 years old and plans to skate professionally after she finishes her schooling.

TERI MORRISON, KIM Wallace, Merry Johnson and Terre Tucker all compete in the A.A.U. track meet in Hereford this last Saturday. Their team broke the record in winning the 440 relay race at the meet. They will compete this coming Saturday in Borger, and if successful there, they will go on to Dallas to another track meet.

The girls are representing Canyon in the track meets and are being coached by Bobby Hulsey.

TOM AND JOAN Lane were hosts this past week end to Arnie and Sandy Huettel, Kay and Scott of Cedarburg, Wisc. The Lanes are former residents of Wisconsin and the Huettels were taking the long way to Colorado in order to visit their old friends.

Tom and Joan, along with their children Dave and Chris, were in Dallas last week. They combined a business trip with a visit, with Tom's mother, Mrs.

Selma Lane.

TED AND ELLEN Hickerson have returned to live in our area. They formerly lived on Gary Lane before being transferred to El Paso. Ted is employed by Associated Milk Producers, Inc. and was recently transferred back to Amarillo where he is now the lab supervisor for this division.

The Hickersons now live at 8404 Whittier in the home formerly owned by Guy Bufkin. Sheri Hickerson will be in the 4th grade at Gene Howe this year. Ted and Ellen also have another daughter, Lisa, who is four years old.

Ellen did some substitute teaching at Gene Howe when they were living here and is hoping to get a teaching position in the Canyon School System this fall. She said they really love this area and the school and are glad to be back with us.

Ellen is originally from Dallas and Ted is from Longview. They moved to West Texas originally because of Ted's job. Ellen said they had heard big stories about the "artistic" Panhandle, but found it a great place to live.

DAVE CORONADO'S YANKEE baseball team have three more games scheduled and will wind up their season this Saturday. The game will be at 6:00 in Canyon, and will be followed by a picnic for the boys and their families.

The Yankees have only lost one game this season, and that loss was only by one run.

The boys who make up the team are: Wayne Bruffett, Greg Coronado, John McDaniel, Steven Hord, Ron Bostick, Greg Ballard, Pat Sparkman, Brent Mitchell, Kevin Wright, Mike Hughes, Kevin Sorrells, Kevin Wait, Kip Camfield and Troy Cates.

Dave told me that this had really been a great season for many reasons. He is especially proud of the support given by all the parents who drive to Canyon for the ball games.

THE 6TH GRADE girls ball team lost their game against Lamar this past week. Coach George Schmidt said they played one of the best defensive games he has seen but were just unable to score the needed runs.

Several of the team members are back from basketball camp now and they plan to win the rest of their games this season.

THE 4TH GRADE boys softball team lost their game against Olsen Park this past week. Kenny Ramey hit a home run in that game. They also lost a close game to St. Andrews on Monday night by a score of 10 to 7.

THE 4TH GRADE girls team, coached by Teresa Davis, has two wins and two losses so far this season. They played River Road last week and lost a close one by a score of 32 to 30.

On Thursday, June 12, the girls played a very exciting game against Eastridge. When they came into the last inning they were one point behind. They scored two points and then held the other team scoreless to win the game by 20 to 19.

The girl who would have scored the tying run for Eastridge was tagged out at home plate for the third out—and you can't get much closer than that.

The girls who play on the team are: Sharon Henwood, Tammie Wilcox, Missy Davis, Mindy Davis, Pam Leyendecker, Denise Morgan, Shelley Jobe, Michelle Arnett, Tonya Thompson, Stacy Howard and Shellie Camouse.

THE 5TH GRADE girls team

woman?" Thank heaven he hadn't heard about ERA yet. I don't want to give up my position to be equal. Anyway, welcome to Happy!

Next load (another truck) they had to pull me into the elevator and out of the elevator and then boost the truck to start it. No end to the services there.

TUESDAY WAS BALLGAME day — all day! At four o'clock the younger girls' softball teams played. Sharon

continued their perfect record with a win this past Friday evening. They beat Whittier by a score of 16 to 7. Both Melissa Merritt and Melinda Yarbrough got home runs (on errors) in that game. Paul McDonald assisted Coach Euris Phillips by coaching first base for the game.

THE 6TH GRADE boys ball team has a 3 and 3 record for the season. Their coaches are Len Schmidt, Danny Sellers and Drew Hetzler.

The boys on the team are: Billy Gervasi, Tim Stokes, Steve Stokes, Ronnie Kyle, Mark Bural, Troy Holman, Scott Hetzler, David Stickrod, Charlie Cox, Kevin Graham, Steve Spurlin, Shannon Edwards, Mike Hamilton, Kelly Mayfield and Tim Carlile.

MIKE BAILEY PLACED 3rd in the Second Flight and Guy Bailey placed 5th in the First Flight in the golf tournament at Wichita Falls last week. They competed with 356 players from Texas and Oklahoma in the week-long tournament.

THE 2ND GRADE boys T-ball team won their game against Ridgecrest last week by a score of 31 to 20. Donnie Myers and Royal Yarbrough both hit home runs in the game.

SHEILA AND JOHN Hicks both competed in the Wichita Falls Invitational "B" Meet in that city this past week end. Sheila had four 1st places, one 3rd and one 6th in the meet.

John placed 3rd in one of the events and 6th in another. Of course, both Johnny and Phyllis Hicks were there to cheer for their children.

THE 1ST GRADE boys T-ball team played Lawndale last week and won by a score of 33 to 30. Greg Cates hit two home runs in that game and Chad Merritt hit one home run. Larry Cunningham is the team's coach.

THE A&S BALL team coached by Kyle Farmer and Bob Trook won a super exciting game this past Sunday. They were scheduled to play the team from Avondale the previous week but the game was rained out and had to be made up on Sunday.

The final score was 5 to 4. The Avondale team had last bat and had a man on third base when the last out was made.

The A&S team is now third in the league with strong hopes to pull into second place before the season is over.

WELL, DEAR READER, I really must close now. Our No. 1 daughter, Brenda, is leaving today to spend a couple of weeks with her grandparents, Clifton and Louise Henry in Elk City, Oklahoma, and there's still a lot of packing to be done.

By the way, now it's your turn to write (or call) me and tell me about your exciting summer activities.

Love always,
Karolyn
P.S. The phone number is 355-8549.

Swingers beat Judy's Jokers nineteen to ten.

The older softball girls' team played the Canyon Kiwanis team at six and beat them eleven to nothing. Connie Johnson and Connie Richardson and Pam Tatum coached this girls' team. Those playing on the team were Cindy Dugan, Carrie Venhaus, Angela Parker, Vicki Jones, Kelly Weavers, Vickie Venhaus, LaRae Sims, Lissa Johnson, Rhene Selvidge, Marta Donnell, Beverly Wilhelm, Venesa Malone, Darlene McKelvey, Mary Watson and Nancy Woods.

Sunday afternoon the softball teams have planned a swimming party and picnic.

AT EIGHT O'CLOCK on Tuesday, the Happy Chiefs played the Happy Braves. Chiefs won 34 to 10.

Gary Barrett, Andy Hand, and Ronnie Jackson coach these boys for the Chiefs: Scott Railsback, Andrew Cumby, Tim Rice, Doug Peterson, Donnie Venhaus, Danny Venhaus, Seyawne Tueck, Jaime Johnson, Mark Tackitt, Joel Freeman, J.D. Phillips, Keenny McKelvey, James Moore, Russell Combs, and Paul Malone. Bat boys for the Chiefs are Jimmy Peterson, Kenny Johnson, and Freddy Phillips.

Meil McCarley, Ricky McPherson, and Bill Whitlow coach these boys for the Braves: Devin Parker, Darren Johnson, Monty Johnson, Lonnie Tueck, Noel Danner, Greg Hampton, Ricky Shaw, Bill Cipe, Milton McPherson, Efron Trevino, Dewayne Tueck, Bat boys for the Braves are Terry Luker and Cody Weavers.

Mark Hargrave called the Little League Game on Tuesday evening and did a fine job.

The Happy Babe Ruth Team travelled to Canyon on Tuesday evening and beat the Canyon team that they played 12 to 10.

THE RAIN WAS general in our area, but the amounts varied greatly. Arney reported 1.20 inches of rain. Happy had little more than an inch and we had an inch and a half, eleven miles east. Halfway between our house and Happy and out closer to us, they reported three and three and a half inches. Fred Hall reported four inches. People on the Wayside highway (only four more miles north) reported two and three inches and more. Wayside reported two inches. Some reported rain that fell hard. Ours was a gentle nice shower. The rest was nice. We couldn't make it to the field on Tuesday. But we'll be there more days yet.

See ya!
Mary Neal

LaGrone Sentenced

Jerry N. LaGrone of Canyon was found guilty of driving while intoxicated subsequent offense by a 47th District Court jury after a day of testimony here Monday.

LaGrone was assessed a two-year county jail term by the jurors.

Former owner of a Canyon funeral home, LaGrone faces three other similar charges stemming from incidents alleged to have taken place during a four-month period beginning in October 1974.

He had been free from jail after posting a \$20,000 bond set by Justice of the Peace W.A. "Bill" Wilson. The bond is believed to be the highest ever set in the county for a DWI offense.

He is still charged with DWI offenses in October 1974 and January 1975.

"SPRING HAS SPRUNG" BE CAREFUL!

Yes, those April showers that bring spring flowers can also bring a great deal of misery to those many people who may suffer from certain allergies. It can be especially difficult for those who do not know what it is that causes their problems.

If you ever experience such problems, don't suffer meaninglessly. There are many tests that can be done to find out to what you may be allergic. An appointment with a physician with specialized training (allergist) would be a first step for you to take.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

The newly federated Les Amies juniorette club of Canyon held its installation of officers Tuesday, with a salad luncheon at the home of Roma Johnson. Miss Mary Lisa McBride, outgoing president, presented the federated charter to the new officers, Roma Johnson, president, Brenda Glenn, vice

president, Linda Whipple, treasurer, and Eloise Thompson, program chairman. New officers not pictured include Susie Nix, secretary, Barbara Oliver, reporter, Laura Taylor, yearbook chairman, Cindy Gollighugh, parliamentarian.

Vehicle Registration Bill Signed

"Long lines encircling courthouses throughout Texas during the April 1st rush to buy license plates will be obsolete by 1978," Rep. Bob Simpson, who represents Canyon, stated upon receiving word Tuesday that a bill he authored had been signed by Gov. Dolph Briscoe.

The legislation provides a systematic changeover to year-

round motor vehicle registration, much like inspection stickers are now acquired.

"Each year a growing number of Texans wait until pay day on April 1 to purchase their car tags for some of the 9 million plus motor vehicles that must be registered annually in this state," Rep. Simpson said. "My bill will provide added efficiency

at the courthouses by distributing the workload evenly and systematically throughout the year."

"Year-round vehicle registration is already routine in eighteen other states," Rep. Simpson pointed out, noting that reports collected from states from New York to Oregon have only praise for the new system. Wisconsin, for example, has seen annual registration since 1946.

Favorable letters received from tax-assessor collectors from the various states nationwide focused on the benefit of the balanced workload, being able to use experienced full-time personnel in a day-to-day routine to serve motorists needs plus being able to provide up-to-date records to law enforcement agencies.

The bill, which drew unanimous support from both Houses, should save the state and citizenry both time and tax dollars upon implementation January 1, 1978.

The Texas Highway Department will have the delegated authority to set registration periods for various classes of vehicles with notification being sent to motorists at least one month prior to the individual tags' expiration date.

Lutherans Hold Church School

St. Paul Lutheran Church is holding their Vacation Bible School this week following the theme, "Life in Jesus' Time."

Mrs. Lynn Melber is the director for the Church School which has 45 youngsters from the age of three to fifth and sixth graders attending. Five teachers and seven aides are directing the studies.

Following their theme, the children are eating foods from Biblical times like grapes, raisins and pomegranites for snacks, and they are baking bread. The kindergarten children have ground wheat with stones, and the first and second graders have

made figures of people in Biblical times in their native dress, along with some of the building structures of the times.

Three and four year olds are making weed and leaf collages from evergreens and other vegetation similar to those found during Jesus' time.

Today, a picnic will be held for all the children at Conner Park immediately following the classes.

On Friday night, an open house with a short program will be held at 7:30 p.m. for parents and children. Homemade ice cream will be served.

Children at St. Paul's Lutheran Church are studying "Life in Christ's Time" this week. To aid their studies, they have made figures of people in Christ's time dressed in native

costume. They have also made bread and eaten grapes, raisins and pomegranites for snacks as food typical of Christ's time.

Shower Honors Couple

The forthcoming wedding of Miss Kathryn Ann Rose and John Rodney Green was recognized with a bridal shower for the couple Sunday, June 22, at the Community Center in Canyon.

Mrs. Clarence Howard, Mrs. J.C. Bellah, and Mrs. Quincy Boyce were hostesses for the shower. Receiving guests with Miss Rose, were Sue Green, Kim Rose, Tannie Boyce, Mrs. Bob Turner, and Mrs. Justin Boyce.

Miss Rose and Mr. Green will be married July 12 at 2 p.m. at the First Original Baptist Church in Amarillo.

Altmans Have Baby Girl

Mr. and Mrs. Bobby B. Altman of 1002 S. Alabama in Amarillo, announce the June 12 birth of a baby girl, Sabra LeAnn, at Palo Duro Hospital.

The baby girl weighed 7 pounds and 14 ounces and measured 19 1/2 inches at birth.

Grandparents of the baby girl are Mr. and Mrs. B.W. Altman of Lubbock.

The Canyon Track Club traveled to an AAU track meet held in Hereford Saturday and brought back 23 first place ribbons and in the process broke eight AAU area records.

In the Bantam Boys Division, nine and under, Terry Nix won fourth in the 100-yard dash and fifth in the 50-yard dash. The 440-yard relay team made up of Pat McKay, Terry Nix, Swift Fletcher and Danny Byrd, placed third.

Cindy Eller placed sixth in the long jump in the Bantam Girls Division.

Joe Doss won the 100-yard dash in the Midget Boys Division, 10 and 11 years old, with a time of 12.2. Jimmy Fulcher placed seventh in the event. Doss also won fourth place in the high jump.

In the Midget Girls Division, Penny Christopher set a new record in the 100-yard dash with a time of 12.2. The old record was 13.6. Miss Christopher also won first in the 50-yard dash and set another new record in a 6.4 clocking. The old 50-yard dash record was 6.6.

In the Junior Boys Division, Blayne White won the 880-yard dash in 2:37.5. Gary Fletcher took second in the event. White also won the long jump and Fletcher won fifth in the jumping contest. Jeff McKay won the Junior Boys high jump.

In the 220-yard dash, McKay took second, Bruce Byrd won fourth and Gary Fletcher finished fifth. Byrd also placed fourth in the 100-yard dash with Johnny Johnson taking sixth.

Kip Pruett won first in the Junior Boys shot put with a toss of 33-10. Ken Johnson placed second in the 440-yard dash in a time of 64.1. The 440-yard relay team made up of Ken Johnson, Jeff McKay, Bruce Byrd and Blayne White, won first and set a new record with a time of 53.6.

Renee Roberts, in the Junior Girls Division, finished first in the discus throw as did the 440-yard relay team of Traca Cooper, Staci Lyles, Leigh Ann Clement and Cindy Maddox. The relay time was 56.6.

Staci Lyles also placed fourth in the 100-yard dash and third in the long jump.

In the Intermediate Boys Division, 14 and 15 year olds, Jeff McKay won the 120-yard high hurdles and set a new record with a time of 12.5. Ric Cooper finished second and Keith Melton took fifth in the high hurdles.

McKay also won the 100-yard dash in 10.5 with Melton taking seventh in the sprint.

Another first place ribbon went to Vince Price as he heaved the shot 37-10. In the high jump competition, Jay Roberts finished fourth. Ric Cooper and David McKay took third and fourth respectively in the long jump.

Joe Watkins placed third in the 440-yard dash and the 440-yard relay team of Eddy Clement, Mike Moore, Keith Melton and Jay Roberts, also finished third. Steve Schmidt and Larry Whitson placed fifth and sixth respectively in the 880-yard run.

Merry Johnson won first in the Intermediate Girls 100-yard dash and tied the record with a time of 11.5. Terry Tucker wasn't far behind in third place with a time of 12.0.

Miss Johnson set a new record in the high jump with a leap of 5-1 and added another first place ribbon to her collection with a win in the 220-yard dash in which she was clocked at 27.0.

Terre Tucker won another second place ribbon by jumping 15-3 in the long jump. Kim Wallace took third in the event.

The 440-yard relay team in the Intermediate Girls Division ran first place and set a new record. The team ran the quarter in 52.7. The old record was 54.3. Members of the team are Terre Tucker, Merry Johnson, Terry Morrison and Kim Wallace.

In the 16 and 17 year old Senior Boys Division, the Canyon team came home with five first place ribbons, two second place finishes and one third place.

Lyndon Brazile won first in the 100-yard dash with a time of 10.3. Brazile also took first place honors in the 440-yard dash with a 53.5 clocking.

Craig Johnson won second in the 100-yard dash just behind Brazile in 10.4. Johnson won the

Umbarger Students

On Dean's List

Almost 19 percent of West Texas State University's 4,058 undergraduate students studied their way to a place on the Dean's Honor Roll.

These 755 students achieved at least a 2.25 grade point average on a three point scale for the spring semester 1975.

"In a university which is described as a community of scholars, the students on the Dean's Honor Roll are our most outstanding honor citizens," said Dr. Ray Malzahn, WTSU vice-president for academic affairs.

The honor students from Umbarger are: Elaine M. Ramaekers, of Box 26, freshman, elementary education major; Patricia M. Grabber, daughter of Mr. and Mrs. John F. Grabber of Box 266, freshman, keyboard music major; and Deborah A. Ramaekers, daughter of Mr. and Mrs. Vincent Ramaekers, sophomore, social work major.

long jump with a jump of 18-7. Ricky Cooper and Terry Houk finished second and third in the

long jump respectively. Collin Weaver set a new record in the shot put with a toss of 45-5.

Penny Christopher, daughter of Mr. and Mrs. Jim Christopher, is shown practicing in the long jump. Miss Christopher, as a member of the Canyon Track Club, broke two area AAU records last week in a meet held at Hereford.

Burglary Rash

Hits Canyon

Several pickups and a house under construction in Canyon were burglarized in the early morning hours Friday and Saturday.

A pickup camper belonging to Al Sternburg was broken into late Thursday night or early Friday morning and the burglars made off with a tool box containing several tools and several rounds of shot gun shells valued at \$230. The extent of damage to the window through which entry was made was put at \$20.

At the Lindell King residence, a pickup belonging to King was burglarized of a tool box and a flashlight with a total value of \$30. The burglary took place early Friday morning.

Two pickups belonging to Ernest Nestby and his son, Gary, were burglarized of some hand tools valued at \$10. The burglary occurred sometime between 8 p.m. Thursday and 4 a.m. Friday.

Two vehicles on the Imperial Chevrolet parking lot in Canyon were jacked off the ground and a tire and wheel were taken from each. Total value of the two tires and wheels was \$200.

At 4:40 a.m. Friday, Charles Wilson of 1905 8th Ave., Canyon, discovered two persons in the city owned pickup which he drives for the Canyon water department. Wilson gave chase to the two until the suspects fled in an automobile.

On inspection of the pickup, police found tools left that were taken from the other burglaries. Because of this, Canyon Police Lt. Tom Rolan said the burglaries were definitely related.

Besides the pickup burglaries, a house under construction at 1202 12th St., Canyon, was the target of burglars early Friday morning. Two electric garage door openers belonging to Hollis Dockins were taken. The door openers were valued at \$430. In addition to the door openers, the builder of the house, William Dan Crossland, reported a wheelbarrow, electric saw and other tools missing which were valued at \$129.

Lay Mission Hears Worker

The Palo Duro Lay Mission met last Sunday with 50 people in attendance. Mr. J. C. Newton delivered the sermon based on the 16th chapter of St. Luke.

Mr. Newton presented Lazarus as a cowboy on a rich man's ranch. Mr. Newton's six year old grandson sang a special selection, "Cowboy for Jesus."

Homer Phillips led the singing with Donita Newton at the organ.

Mr. and Mrs. R. A. Timbes, from Seminary Baptist Church in Seminary, Mississippi won the iron cowboy for having attended from the farthest distance.

This Sunday, June 29, Geary Reckling, a Canyon postal worker will present the sermon. Kenneth and Louise Baker will direct the music.

Millers Return From Vacation

Mr. and Mrs. E. E. Miller have returned from a two week vacation to Harrison, Arkansas area where they visited with two daughters, Sharon Pond, and Debbie Newkirk, and their husbands and families. The Millers were accompanied by their daughter, Lois Neelley, and her son, Kerry Rogers, both of Amarillo. The Miller's teenage son, Kevin, remained in Arkansas with the Newkirk family.

Canyon Tracksters Set Records

The 440-yard relay team made up of Ricky Cooper, Lyndon Brazile, David McKay and Craig Johnson won the event in 46.0. The next meet will be held in

Borger on June 28. If anyone is interested in participating they should contact coach Eddie Smith at 655-7547 by Friday afternoon for more information.

Pamper Your Eyes!

Here's an honest-to-goodness reading lamp.

Sight*Light

A lamp that lights the page — sewing — or your game. Not the entire room. A lamp that gives up to 5 times the light of conventional lamps, completely glarefree.

Enjoy maximum "Seeing Comfort."

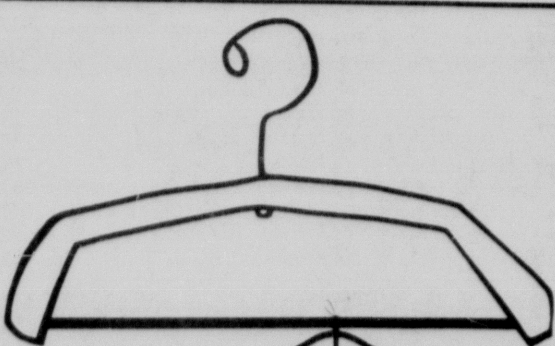

Adjusts to 52" high. Arm turns full circle. Heavy-weighted base. Latest decorator colors combined with solid satin brass. Metal tone share.

Harvest Delayed

By REBA RAEF
WE ARE STILL having some showers around Umbarger, enough to delay the harvest for some of the farmers. We had .35 last Monday evening, which brings the total for June to 2.73. These little showers are sure nice on the gardens, though.

MRS. AGNES HOLLENSTEIN, who lived in Umbarger for many years and reared her children here, is in the Intensive Care Unit at St. Anthony's Hospital, in Amarillo. We wish Mrs. Hollenstein a speedy recovery.

MR. AND MRS. Don Woods and Michelle, from Centerville, Ohio are visiting Mrs. Aline Lindemann and the Snokey Lindemann's. Mrs. Woods is the former Georgia Lindemann.

THE JOHN WIECK'S have some more company. Sam and Carolyn Kirkland and children, from Beeville, Texas and Annette Wieck, from Dalhart are here for a visit. The Wieck's have also had as part-time houseguests Mr. and Mrs. Martin Wagner, from Winterthur, Switzerland. On Saturday evening, June 14th, they hosted a supper for the Wagner's with Mr. and Mrs. Anton Hollenstein and Mr. and Mrs. Harvey Artho as guests. Last Thursday, they took the Wagner's to see the production "Texas."

CLARENCE AND LOUISE Sutton and children, Kimberly and Paul left for their home in Belmont, California. Last Wednesday they were visiting their parents, the Lloyd Suttons. They also visited with the J.W. Suttons in Amarillo. Other guests in the Sutton home were the J.W. Suttons, Thelma Davis, and Mr. and Mrs. James Melton, all from Amarillo and Mr. and Mrs. Gene Johnson and family, from Hereford. The Suttons went to see "Texas," but the play was rained out at intermission.

FRIENDS OF JOANN Hollenstein Long, learned of the death of her husband, L.D. Long, last Thursday. They lived in Aztec, N.M. Jo Ann is a daughter of the Ernest Hollenstein's, who lived here for many years. Our sympathy to Jo Ann and her family.

MRS. A.C. Evers and family have guests. Her mother, Mrs.

TEXAS TALK

By Tom Lyle

Q: What are the symptoms of the plant disease called Wheat Bunt?

A: Wheat Bunt, also called Stinking Smut, is caused by a fungus and is commonly recognized by several symptoms. Most obvious of the indications is the stunting of the plant's growth. Infected plants may reach only one-half the height of healthy plants. Other symptoms include early head maturity compared to normal wheat and the tendency of the heads to develop a bluish-green cast just prior to maturing. Smut balls, the smutted kernels from the diseased plant, are filled with black spores which have distinctly unfavorable odor described at best as "fishy." Generally the disease is carried from one crop to the next by the germination of the spores making up the smut balls. Wheat producers have successfully stymied the spread of the disease by using special fungicides in the treating of wheat seeds prior to planting.

Amarillo Ford Tractor
3108 Amarillo Blvd.
Amarillo

Clara Hess and her mother's friend, Mary Louise Piantlo, from Springdale, Ark. are here for a visit. Last Sunday evening, all of the Evers children came for supper, and a visit with their grandmother. Guests were Alphonse and Patsy Huseman and family, from Nazareth; Mr. and Mrs. Allen Evers and children, from Hereford; Mr. and Mrs. Charles Evers and children, Dennis and Carolyn Snyder and Mark and Shirley Woodard, all from Amarillo; and Mr. and Mrs. Weldon Evers and family, from Gruver and Eddie and Donnie who live at home.

BILL AND FRANCES Gerber went to Claude last Sunday to visit the Don Gerber family.

JUST CHECKED WITH Vincent Ramaekers, who manages the Umbarger Co-op Elevator in Umbarger. He said that Sunday and Monday, June 15th and 16th were the biggest days, volume wise, that the Co-op has had here.

POSTMASTER AMALIA BRACHT reminds me that the Post Office will be closed on July 4th. Only lockbox service will be provided. Our store will also be closed that day, so get your German sausage early.

WE HAD COMPANY last week from California. My nephew and his wife, Richard and Cathy Myers came by. They were married June 7th and are on their way back to Richard's Air Force Base in South Carolina. We took them to the opening night of "Texas," and we all enjoyed it very much.

CALL ME AT 499-2164 with your news items. Reba.

15 Day Vacation For Carl Millers

A summertime vacation covering 15 days and over 2,000 miles with many sights has come to a conclusion for Mr. and Mrs. Carl Miller and daughter, Carolyn, on their return to Canyon.

The Miller family spent the week of June 7-13 in the St. Louis, Missouri area where they were houseguests of her brother, US Air Force Capt. James P. Long, wife, Merrell, and young children, Billy and Allison, who live in nearby Belleville, Illinois.

In the St. Louis area the group saw the world famous Gateway Arch and viewed films of the arch's construction, toured the Old Courthouse in downtown St. Louis where the Dred Scott trials of 1847 began ultimately resulting in an 1857 decision by Supreme Court Chief Justice Roger B. Taney that Negroes could never be citizens and slavery would continue in the new western lands. The trial was one of the last in a long series which led to the Civil War. Other sights for the group included a tour of Busch Stadium (home of the St. Louis Cardinals), the Sports Hall of Fame, the Old Cathedral (first located west of the Mississippi), the St. Louis Zoo, Six Flags Over Mid-America, and a tour of the Grant's Farm (a zoo area for children-site of Ulysses S. Grant's hand built log cabin, and stallion barn site of the Clydesdale horses—which have been made famous in advertising for the sponsor Busch).

Before concluding their visit in St. Louis, the Millers and Longs took a 3 1/2 hour cruise aboard the U.S.S. Admiral, a four-tier steamship, on the Mississippi River with lecture guide through industrial and historic St. Louis.

On June 14 the Miller family started the trek home to Canyon and were joined by the Long family for a picnic at Ladolla Natural Park after which the two families toured the adjacent Meramec Caverns (a world famous hideout of the outlaw Jesse James). Later that after-

By DORIS McKEE
THE FIRST DAY of summer came and went last Saturday, June 21st and if most of you were like me you never even realized it. Guess the next thing we know summer will be turning into fall.

WE WOULD LIKE to extend our deepest sympathy to Dianna and Jon Hoffman of 136 Loma Linda. Diana's grandfather, Charles Diehl of Wichita, Kans. was found dead in his home on Wednesday, June 18th.

Board Members Meet With Supt.

Three school board members met with Supt. Jerry Jacobs Monday night to begin screening names for selection to three committees to study the need for new schools in the district.

Jacobs said more than 100 names were considered for the committees and the amount was screened to about 60-65 names by the time the meeting broke up.

The three committees—one to study the need for schools, another to study finances available for construction, and yet another to provide publicity for a possible fall bond issue—are to be formed by board members at their first July meeting.

Spry Club Meets

The Spry Club will meet today at noon for a luncheon at the First United Methodist Church.

Rev. Terry White will give the devotional and games will follow.

Anyone over 60 is welcome to attend.

A Masonic Service was held at 2:00 p.m. on Friday, June 20th, with burial in the Harper Cemetery, in Harper, Kans. Charles and Faye Diehl made their home here with Jon and Diana during the past winter months.

OLETA POTTER OF 135 La Fiesta came home from the hospital last week. She still has to get lots of rest, but is doing pretty well now.

MY MOTHER, MRS. E.M. Weaver of Lubbock came this past week. It was a complete surprise to us, but a very welcome one. She will be here with us for several more days.

HUGH ROWLEY (UNCLE SKINNY) went home to Hooker, Okla. this past weekend. His wife had been in the hospital, but he said that she was able to go home on Saturday.

TALKED TO EUNICE Rinehart of 139 La Fiesta on Monday afternoon. She said, she and Barney hadn't been going very much, but that they are planning a big fishing trip and promises me a big fish tale (tail) when they make it. On Sunday afternoon, Bobby, Jo, and Brent Rinehart came out for a short visit. They invited Eunice and Barney to come in for dinner Sunday night. Also at the dinner were Michael Rinehart and his girlfriend.

FAYE AND PECK Risner of 137 LaFiesta were on vacation last week. They went to Marietta,

Okla. for several days. They visited their son and family, James, Jr., Lee, Heather and April. It is always nice to see the kids and the grandkids. Also they spent some time fishing, but Peck said, they just couldn't catch anything. They came home on Thursday for a short stay and then on Friday Peck, Faye and daughter Cheri, went to Raton for the weekend. They had lots of fun up there. Vacation is now over, so back to work, Peck.

ROSCOE, SHARON AND Brent Shipley of 205 La Fiesta were pleased Sunday by a visit from Roscoe's folks, Mr. and Mrs. W. J. Shipley of Plainview.

ALBERT AND KATIE Rinne's daughters, Davia and Kathy went to Slaton this week to spend some time. Kenna Eckert of Slaton and Debbie Marriot of Austin, two of Katie's sisters, and a brother Berry Wickes came up from Slaton on Tuesday and got the girls.

HAD A NICE visit from Paul Qualls Jr. (Rip) who just got home this weekend from two full weeks at Camp Summer Life in New Mexico. He had a real great time. He brought home awards in archery, golf and in crafts. He made five different items in crafts. He also got a campers certificate in swimming and an award for Elementary Qualification in Horsemanship.

THE AUCTION LAST Saturday afternoon drew several people. According to my information all the lots sold. Pearl and Dale West formerly of Siesta were over and bid on one. Seems they were outbid, but Pearl said to watch out, she may get her a lot yet and get back over here.

SEEMS THAT CHARLES Heglin of 100 Loma Linda, felt lucky at the auction, when his name was drawn and he won \$100.00. Congratulations, Chuck.

CALLED PAT REED to see what she and Tex had been doing. Nothing exciting she said,

just installing a new hot water heater.

QUITE A FEW kids from the park attended Bible School at Lamont Drive Baptist Church this week. A bus picked them up and returned them to the park each morning.

GUESS THAT'S ABOUT all

I can dig up for this time, but will be back next week, so keep on reading.

Thought for this week: "Vacation is a trip you take when you can't stand your own home anymore. Home, is where you go back to, when the vacation is over."

See ya! Doris McKee

College isn't the only place to continue your education.

You may not join the Army to get a college education, but it may end up that way.

Last year alone, 90,000 young men and women earned college credits while serving in the Army. And the Army paid up to 75% of the tuition.

And now, through the Army's newest educational program, Project Ahead, you can enlist in the Army and start college at the same time.

For more information, see your local Army Representative. You'll find the address in the Yellow Pages under "Recruiting." Or call 800-523-5000 toll free.

Tennis Camp Opens

One Canyon youngster is among over 250 young tennis players participating in the fifth annual West Texas Tennis Camp this week on the campus of West Texas State University. The current session is one of three scheduled this summer on the Canyon campus. The camp is under the direction of WTSU tennis coach David Kent and Amarillo pro Roland Ingram.

The camper from Canyon attending one of the three sessions is Quince Boyce.

"Things went along really well," Kent said of the opening of the camp's first session. "The kids are progressing really nicely."

"We try to do two things in this camp. One, we try to improve each individual's game, and two, we try to have some fun."

The camp is held on WTSU's 14 Laykold courts, the site of the 1976 Missouri Valley Conference tennis championships. Campers also have the use of the university's \$4 million Activities Center.

"Our facilities are second to none," Kent added. "With the facilities and our excellent instructors, we believe we accomplish both our aims."
